

## FCC Domain Name System Test

<b><u>dns.csv</u></b>	
unit_id	Unique identifier for an individual test unit
dtime	Time test finished in UTC
nameserver	Name server IP address used to initiate the DNS request
lookup_host	Hostname to be resolved
response_ip	Responding name server IP address
rtt	DNS resolution time in microseconds
successes	Number of successes (always 1 or 0 for this test)
failures	Number of failures (always 1 or 0 for this test)
location_id	Please ignore (this is an internal key mapping to unit profile data)
